

Guidelines for “Re-call Meter API Details for updating Meter Serial number” on the Unified Single Window Rooftop PV Portal of Surya Gujarat

Step 1: In “Application Action” click on “Send Consumer Details-API” to fetch the Vendor Details from Surya Gujarat AHA Portal. It can be done from all the Logins of DisCom. The updated details will be stored in the Portal

The screenshot shows the application details for Mr. JIGARBHAI AJAYBHAI PATVA. The 'Application Actions' dropdown menu is open, highlighting 'Send Consumer Details - API'. A blue arrow points from a callout box to this option. The 'Download Application Document' dropdown is also visible. The application details include: Quotation No. 6673026, Estimated Amount 0, Estimated Due Date 28-Apr-2020, and Payment Status Paid. A progress bar at the bottom shows the application status from 'Application Submitted' to 'Subsidy Claimed', with 'API Response' highlighted.

Click to Recall the details

Step 2: Once Clicked, then within 24 hours details will be updated as the data is updated in batches.
