

Guidelines for Reduction in Registered Capacity on the Unified Single Window Rooftop PV Portal for Surya Gujarat

Step 1: Click on “My Application” to view the list of the applications.

Step 2: Click on “Application Action” and then on “Request to Reduce Registered Capacity” to request for reducing the Registered Capacity.

Step 3: The Installers can raise the request from its login for reducing the registered capacity by entering the following details:

1. Reason for Change
2. Reduce Capacity
